

Comité International  
des Sciences Historiques

International Committee  
of Historical Sciences

Paris, Rome, March 3<sup>rd</sup>, 2021

Dear ICHS Members, Dear Colleagues,

Not so long ago, we informed you about the postponement of the XXIII<sup>rd</sup> International Congress of Historical Sciences in Poznań to 2022. Today we would like to update you with the latest decision of the ICHS Board that the Congress will be held on **August 21-27, 2022** on the same terms as it was originally planned.

Congress fees will be maintained at the same level. The fee you have already paid is of course valid for the new date. If, unfortunately, you are not able to attend the Congress in August 2022, you may cancel your registration under general conditions.

As a result of the decision to postpone the Congress, **the Early Bird registration has been extended to March 31, 2022.**

It is still possible to apply for the participation in **the Research Forum**. Soon we will also announce the terms of applying for **the poster session**.

All announcements concerning the Congress will appear successively on the Congress website and Facebook.

Andrea Giardina, ICHS President

Catherine Horel, General Secretary
